Revised June 7, 2019
I. **EVENTS: CATEGORIES** – The SSFA has divided the selected events contained in this rulebook into two categories: Regular and Optional.

* Regular Events: These events are the ones that are played by most districts and must be offered at the Provincial Games. If the host committee cannot offer an event due to lack of facilities, the host committee or SSFA may approach another community to hold the event for them.

* Optional Events: These events are the ones that have been popular in the districts. SSFA may request the host committee to select events from the list of events that are being offered at the Canada 55+ Games.

II. **ELIGIBILITY**

1. **Competitors**

   1.1 Competitors must be at least 55 years of age by December 31 of the year of the Provincial Games. They will have earned the right to participate in the Games by placings in their playoffs at district competitions, or be an eligible substitute as stated in Rule 5 of the Rule Book.

   1.2 Competitors must be members in good standing of SSFA.

2. **Residency**

   **Provincial**

   2.1 Competitors must be a resident of the district for which they are competing at the provincial games, by April 1 in the year of the games.

   Competitors may only represent and compete in one district.

   All competitors must be Canadian citizens, or have landed immigrant status, at the time of their selection at the district level.

   **District**

   2.2 Competitors must be a resident of the district in which they are competing, as of April 1 in the year of the games. At no time will a competitor be able to take part in playoffs in more than one district.

   Competitors may compete in the district and provincial games in another district with written approval from the two District Committee Presidents.
3. Participation in Events at the SSFA 55+ Provincial Games

Competitors may only compete in one event with the exception of poetry and short story writing. However, within a particular event they may enter in more than one competition if the rules of the event allow it. For example, a competitor may register in doubles and mixed doubles in the tennis event or compete in up to four events in track & field or swimming.

4. Age Categories at the SSFA 55+ Provincial Games

Competitors may compete in one age category only, unless specified within the event. A competitor may compete in a younger age category but not in an older age category. Teams and pairs must enter in the age category of the youngest member. For example, competitors may register in doubles and mixed doubles in tennis but they must enter in the age category of the youngest member. A competitor may register in a lower age category if the district has not filled the entry requirement in that age category.

The eligibility of any competitor not clearly established by these rules shall be determined by the Chairperson of SSFA Provincial Games Committee in accordance with the spirit and intent of these rules.

5. Substitutions

The districts must forward a “Substitution List” at the time that all registration forms are submitted to the host committee games office. The games office must be notified of the need for additional substitutions as soon as possible prior to the start of the games. Substitutes will need to complete a SSFA Registration Form and submit the required registration fee if they compete.

Extraordinary circumstances occurring during competition involving inability to compete will be considered on an individual basis at the games by the games manager. Replacements required during the games, due to medical or any other unforeseen occurrence will normally be found by the host committee, unless the district affected is able to fill the position from one of its own non-competitors. If the vacant position is filled by the host committee in the midst of the games, then no registration fee is to be levied against the individual filling in.

Fillers may be used with the approval of SSFA to make a viable competition and the “fills” will pay FULL registration fees. For example: There is no one on the “Substitution List” and there is a need for competitors to make a pair and/or team in the event. Fillers may be obtained from another district if all reasonable effort has been exhausted to fill the position from within the district in question. In such an event, the “filler” competitor is to register with his/her adopted district and is to be provided with a team shirt from that district. If a medal is awarded, the medal count is awarded to the adopted district.
III. PLAYOFFS

All district playoffs must be completed 36 days prior to the Provincial SSFA 55+ Games.

IV. REGISTRATION AND FEES

1. District

All competitors must complete, in full, the SSFA Registration Form and submit it with the required SSFA membership fee and district administration fee to their district representative (coordinator) by the date set by the district committee. The additional administration fee for the district competitions is established by each district committee.

All competitors must complete the SSFA Health Form and keep this on their person throughout the games. The SSFA Health Form is not submitted to the district committee (coordinator), but is retained by the competitor and brought to the district games. If the competitor advances to the SSFA Provincial Games, the SSFA Health Form must be brought to the registration desk at the games and placed in the name tag that is provided by the host committee. It is the responsibility of district coordinators to ensure that the competitors have their SSFA Health Form completed. Competitors may not be allowed to compete if they have not completed the form.

The SSFA Health Forms are required by all those registered for the games (competitors and non-competitors). The information remains confidential and is available only to qualified medical personnel in case of an emergency.

2. Provincial

2.1 The SSFA 55+ Host Committee will provide the district games coordinators and/or Presidents with an Event Package that includes games information regarding the Schedule of Events, Summary of Event Forms, contacts, deadlines and registration fees, etc. during the first week in April.

2.2 Individual competitors must have completed an accurate SSFA Registration Form. The district coordinator will forward the SSFA Registration information electronically, registration fees and the Summary Event Forms to the host committee games office for arrival thirty days prior to the start of the SSFA Provincial 55+ Games.

2.3 Registration Fees

2.3.1 Competitor’s and non-competitor’s registration fees to attend the provincial games are established by SSFA.

2.3.2 District committees are to forward the registration fees made payable to the host committee.
2.3.3 The host committee will forward to SSFA a participation fee for each competitor upon completion of the provincial games.

2.3.4 Registration fees are non-refundable except when a competitor is unable to compete due to injury, illness, or no competition in their age category prior to the games. District Coordinators must advise the Host Committee of any changes immediately. Written requests for refund of registration fee will be accepted up to one week following the completion of the Provincial Games.

V. COMPETITION

1. Competition Format

Competition format for each event is outlined in the SSFA 55 + Games Rule Book. In those events where applicable and possible the use of round robin format is encouraged. Refer to Round Robin Tournament format (Appendix A – General Policies and Procedures; page 9).

Where there is no event competition in his/her age category, the competitor(s) will qualify to compete in the Canada 55+ Games in the age category.

Note: The event must be cancelled prior to the start of the Games.

The competitor(s) may register in a lower age category, if the district has not filled the entry requirement. If they are able to compete in a lower age category then they compete for medals.

If the event is cancelled or no competition in the age category, the competitor(s) may enter another event as a non-medal competitor if the District has not met its entry requirement. The competitor(s) will not be eligible to compete at the Canada 55+ Games in this event.

When a competitor cancels registration in an event, the Host Committee may use fillers with the approval of the SSFA Games Committee to make a viable competition. The “fills” will pay full registration fees with full privileges. The Host Committee must review the substitution lists for potential competitors. If none are available and prior to the start of the games, the Host Committee can request District Committee Coordinators to canvas their competitors to fill specific positions. The district entry requirement level is waived in this situation and competitors from any district can fill the vacancy.

Competitors that have qualified to compete in the Canada 55+ Games event (such as ice curling) cannot participate in another medal competition at the 55+ Provincial games.
2. Medals

In most cases, activities will be run using a round-robin format (either single or double depending on the time available), with the medalists being determined from the results of the round robin without the requirement for a play-off. In the event that an activity demands that a play-off system be used, the recommended procedure for conducting the play-off is detailed in that event.

Medals will be awarded as specified by the rules for each event immediately following the completion of the event, or at some other specified time. A medal count will be posted by the games office personnel as the events are completed. The medal count will be announced at the closing ceremony.

The final results report for every event will include the standings of all competitors, not just the medal winners, and forwarded to SSFA.

The final results report for each district will include the standings of all competitors and forwarded to the respective district committee within five days after completion of the provincial games.

During the orientation prior to the start of the Provincial Games, the content of final standings and statistics reports will be determined by SSFA and made available to the host committee. The final standings and statistics reports will be forwarded to SSFA within two weeks after the completion of the Provincial Games. The record of all final standings, statistics reports, correspondence and forms must be made available to SSFA electronically.

Medals must be delivered to the host committee 30 days prior to the start of the provincial games.

VI. PROTESTS

Protests are to be submitted in writing and signed on The Official Protest Form, which is turned into the Games Office or specific Event Coordinator within one hour after completion of the game/event/heat. The Protest Committee will rule on technical, rules-related disputes. The decision by the Protest Committee will be given, in writing, to the person who signed the protest form with a copy to the Event Coordinator. The Protest Committee's decision is final.

In general, a protest should be verbally indicated at the time of the occurrence, then followed within one hour of completion of the event by a formal written protest. The team manager/District President for the person or persons involved should be notified so that input can be given, before any final decision is made.
GENERAL POLICIES AND PROCEDURES REGARDING THE GAMES

The Protest Committee will be made up of the following:

* the Games Events Chairperson (overall person in charge of Games Events)
* the Event Coordinator (person in charge of the specific event)
* the SSFA Games Committee Representative

VII. GAMES DATES AND DURATION

The SSFA 55+ Provincial Games will take place in the month of June and the dates must be approved by SSFA. Events such as ice curling may be played in early spring when ice is available. The date is determined by the host committee. If the host committee is not able to hold the playoffs for ice curling, other communities may bid to host the ice curling event. Events that must be played earlier or in another community due to unavailable facilities must adhere to the SSFA rulebook.

VIII. OPENING AND CLOSING CEREMONIES

1. All competitors are expected to take part in the opening and closing ceremonies of the Provincial SSFA 55+ Games.

2. The opening and closing ceremonies shall begin with the parade of the competitors. The order of the district teams is:
   a) host of previous games
   b) other teams in alphabetical order.
   c) officials
   d) host district

3. In the opening ceremonies one or two competitor(s) from the host district, will read the competitors oath as their pledge to take part in the SSFA 55+ Games.

   "In the name of all Saskatchewan Senior Competitors, I pledge that we will take part in these SSFA 55+ Games, in the true spirit of sportsmanship, respecting and abiding by the rules which govern them, for the glory of sport and the honour of our district."

Officials' Oath is read by an official from the Host Community

   "In the name of all Saskatchewan officials, I pledge that we will take part in these SSFA 55+ Games in the true spirit of sportsmanship, understanding and interpreting the rules with complete impartiality for the glory of sport and the honour of fair play"
IX. **DISTRICT IDENTIFICATION**

1. Each district is encouraged to select appropriate district identification adhering to the colour scheme established:

   - South East Connection - teal with white print
   - Regina Sport - maroon with white print
   - South West - white with black print
   - Parkland Valley - iris with black print
   - Prairie Central - light blue with white print
   - Saskatoon Sport - red with white print
   - Rivers West - forest green with white print
   - Lakeland - royal blue with white print
   - Northern Sport, Culture & Recreation – prairie dust with white print

2. **District Games Banners**

   Each district is responsible for providing a banner for its district. It is the district’s responsibility to designate a banner carrier. (Optional)

X. **GAMES BANNER**

The Provincial SSFA 55+ Games Banner will be displayed during the Opening Ceremony. The Banner will hang throughout the three days of the Games at the central venue. At the completion of the Games, the Banner will be given to the Host Committee Chairperson of the next Host Committee or the SSFA District President on behalf of the community awarded to host the next games.

XI. **MEDICAL EXAMINATION**

It is recommended that competitors have a medical examination 3 months prior to competing in the Games.

XII. **NATIONAL GAMES SELECTION**

SSFA may select competitors for National Games that occur in the year of, or in the year immediately following provincial games, from winners and/or highest placing competitors of events at provincial games. The number of competitors selected and selection process is dependent on the competitive regulations of the National Games.
XIII. RULES OF THE GAME – TOURNAMENT FORMAT

Tournaments are the easiest and most efficient way of organizing competitions. There are a number of formats that can be used when running the competition. The type of format to select for competition will depend on a number of factors such as the:

- a) type of activity
- b) number of teams or competitors
- c) amount of time available
- d) equipment available

There are advantages and disadvantages to all tournament formats. Every event must have an Event Coordinator who is experienced in the activity, has knowledge of the rules and regulations, and a good understanding of the tournament format selected relevant to the event.

It is essential that pre-tournament briefing provide an explanation of the draw, what will be done in case of a tie and clarification of rules – especially new, unclear or rules specific just to that particular tournament. The rules must be prominently posted or available at the venues.

Competitors come to the SSFA 55+ Games for a variety of reasons, but most importantly to play the “event” of their choice. When making the draw up for the events, it is important to remember that the events should last the full duration of the games allowing sufficient time to tabulate the results on the final day prior to the closing ceremony. Depending on the number of competitors entered in the event, it may be necessary to schedule a double round robin or in some cases, a triple round robin. The intent of the tournament format is maximizing the playing time available without exhausting the competitor.

Golf, five-pin bowling and slo-pitch may have to start prior to the opening ceremony to play the number of games required.

Partial Round Robin: Time may not allow for the completion of an entire round robin, so a set number of rounds are played. Each team will play an equal number of games but not meet every other team. This format utilizes as an example: Pool A, and Pool B, etc. A set of winners will advance from each round robin pool and play another complete round robin amongst themselves in a playoff or medal round.
XIV. **SSFA VALVES AND GUIDING PRINCIPLES:**

We are passionate about the benefits of the SSFA Games:

* The Games are a catalyst for promoting active, healthy lifestyles to adults 55+.
* The Games promote social interaction and provide opportunities to support active healthy living.
* The Games provide motivation for adults 55+ to develop and continue healthy lifestyles between Games.
* The Games provide an opportunity for adults 55+ to try something new.
* The Games promote positive self-esteem and potential mastery.
* The Games enhance civic pride in a host community.
* The Games provide a significant opportunity for community development and volunteer involvement.

**Participant-Centered Games:** We believe in the concept of a “participant-centered” Games, that is, respecting competitors, never forgetting they come to us by choice and planning the Games accordingly.

**Senior Friendly Games:** We believe that there are opportunities to provide positive experiences through careful consideration of the 55+ demographic when planning the Games.

**Fun and Safe Games:** We believe that the Games-related events should be fun and safe for all participants.

**Balance is Key:** We believe that the Games must retain a balance of physical, mental and social activities as the comradeship is truly one of the Games’ greatest outcomes and that reinforcing the sense among competitors that, “win or lose” they are all winners, is paramount. We recognize that winning is an important goal but that is not the most important objective.

**Fair Play:** We believe in fair play characterized by equity, integrity, trust and respect.

**Proper Planning:** We believe in proper planning to ensure maximum efficiency and effectiveness of the SSFA, its programs and resources.

**Inclusion and accessibility:** We believe that both inclusion and accessibility are essential to successful Games.

**Accountability:** We believe that the SSFA must strive to be accountable and responsive to the needs of Games competitors, partners and stakeholders and we must deliver on what we say.
XV. SMOKING / ALCOHOL / SCENT FREE AND WHEELCHAIR ACCESSIBILITY

a) All indoor venues will be smoke/vaping and scent free in the specific area of play.
b) Participants may not consume alcoholic beverages during the time they are engaged in active event competition.
c) All venues are to be wheelchair accessible or that provisions are made to assist people requiring it.

XVI. CONDITION OF PARTICIPATION

As a condition of participating in the SSFA 55+ Games, competitors and non-competitors provide personal information to determine eligibility, age category, schedules of play, appropriate level of competition and to report results of the 55+ Games. The SSFA Board members, the Host Committee members, and volunteers will not use or disclose member, competitor or volunteer personal information for any additional purposes unless consent is received.

The Competitors and non-competitors must sign the District/Provincial 55+ Games Registration Form with the compulsory waiver, authorizing organizers to use “Written Materials, Photographs and Videography” and the “Release, Waiver and Assumption of Risk”. This agreement has important provisions which limit the liability of the organizers. This acknowledges that the SSFA and the SSFA Host Committee will not be responsible for any medical and health care costs incurred.

The Competitor and non-competitor must complete a SSFA Health Form and is worn inside the name tag for the duration of the games. The Health Form will be available to qualified medical personnel to assist them in case of an emergency.

XVII. SSFA POLICIES (Refer to Policies and Procedures Manual, www.ssfa.ca)

a) Code of Conduct Policy – Item #55

The Code of Conduct is designed to allow the SSFA to preserve its long tradition of integrity and credibility with the public and within the Association. Also, to ensure a safe and positive environment by making individuals aware that there is an expectation of appropriate behavior consistent with this code. The Code of Conduct applies but not limited to members, competitors, non-competitors, coaches, administrators, officials, event coordinators, volunteers, and managers. Any violation of the Code of Conduct or any behavior contrary to the spirit of the SSFA 55+ Games and other SSFA programs and activities will be subject to disciplinary action.
The type of discipline will depend on the severity of the infraction and may result in full suspension of the Games privileges, including removal from competition or removal of a volunteer.

b) Conflict of Interest Policy – Item #56

All actions or decisions by members of the SSFA Inc. Board, the SSFA 55+ Games Host Committee and volunteers must be based on an impartial and objective assessment of the organization’s interest in the situation, without regard to any gifts or favours from outside interest that could adversely affect, or be seen by others as possibly affecting, their judgement.

In the event that such matters arise, the person shall formally disclose the interest, refrain from attempting to persuade or influence other persons participating in the decision, and shall not cast a vote on the matter.

c) Discipline and Complaint Policy – Item #57

This policy defines a process and an opportunity to resolve conflict of interest issues, a conflict or complaint quickly, fairly and without reprisal.

d) Appeal Policy – Item #58

Any individual who is directly affected by an SSFA decision will have the right to appeal that decision; provided the appeal fall within the jurisdiction of this Policy and there are sufficient grounds for the appeal under the “Grounds for Appeal” section of this Policy.

e) Alternate Dispute Resolution Policy – Item #59

This Policy applies to all disputes within the SSFA when all parties to the dispute agree that such a course of action would be mutually beneficial.

**DISTRICT ROUND (OPTIONAL)**

1. The District Round shall consist of a minimum of three (3) games. Regular league play can be used.

2. Format, average, date, and cost shall be determined by the District.

**DISTRICT FINALS**

1. All entrants shall bowl a minimum of three (3) games on a date and in a centre determined by the District.

2. All bowlers competing in the District Finals must use their highest league average (if a bowler bowls in more than one (1) league) as of a date to be determined by the District.

3. In each age category, the bowler, man or woman, with the highest total pinfall in the scratch event shall be the singles’ representative for the district at the Provincial Games.

4. **For each age category**, the top five (5) bowlers, based on pins over average at the completion of the District Finals, shall qualify for the Provincial Games.

5. In the event of a tie, a one (1) game roll-off shall be held to determine the final position.

**PROVINCIAL GAMES**

1. All bowlers competing in the teams in the Provincial Games must use their highest league average as of April 1 (if a bowler bowls in more than one (1) league) as of a date to be determined by the Provincial Games Committee, based on a minimum of twenty-four (24) games having been bowled.

7. In the event of a tie/ties for the gold medal position in the singles, if TIME PERMITS, there will be a one game roll-off. If time does not permit or for the other medal positions, the bowler with the highest score in the last game will receive the high placing.

8. In the event of a tie/ties for any of the medal positions (two (2) or more teams are the same number of pins over or under their average) the team beating the total of their averages by the most pins in the last game shall receive the higher placing. If all teams fail to beat their averages in the final game, the team tying or coming closest to the total of their averages shall receive the higher placing. If a tie still exists, using the rule, the scores of the preceding game shall be used to break the tie.

Note: At the District and Provincial games, if a bowler is required to fill a vacancy or substitute but has no average, the average assigned for male is 150 and female is 130.

2. All conversations shall be in English as recognized as standard procedure.

5. North Player has first deal, followed by East and West then South.

6. Complete the cut.

7. A round consists of a series of four deals that have been bid and played. If a deal is passed out the same player deals again and the deal passed out does not count as one of the four deals. Maximum of 2 throw-ins per round (at one table). The third throw-in counts as a played hand.

8. One bids must be played.

9. Cards may not be picked up until the deal has been completed. If any of the four players do not have 13 cards, a misdeal is declared. The same person will re-deal, with the player on the left remaking the cards and the one on the right cutting again.

17. In the case of a tie for a medal position at the end of the round robin, the marshal will review the scores from only those games involving those teams that are tied to determine the winner. If, in the off chance that a tie still exists after this, the teams tied will play an additional round (4 Hands).

18. There will be two score cards at each table. A member of each pair is to keep score. After completion of the round and the totaling of scores, opponents will initial each other’s card before they move to the next table.

19. The cards must be played to the last trick, unless it is obvious that one player has the remaining “boss” tricks. Regardless, hands will be played completely out if requested by any player.

20. Scores will be posted on a master score sheet, flip chart or wall at the end of day if the competition continues on the following day. If possible, post the running totals as the competition progresses.

KAISER

AGE CATEGORY

55+ 5 teams per district (2 person team mixed or single gender)

TOTAL 10 persons 5 teams per district

MEDALS

2 Gold/ 2 Silver/ 2 Bronze

RULES AND PLAYOFF INFORMATION

1. Kaiser rules shall apply - found within a standard deck of Kaiser cards copyright @ 1983 S. Gayowski. Produced under license by International Playing Card Company Limited, P.O. Box 188, Windsor, Ontario, Canada, N9A 6K1 (Copy attached)

2. Exception to the above rules as follows:

   a) Penalty Points - as ruled in the above rules, penalty points shall be replaced with the following ruling. The trick containing the three of spades has three penalty points. If a team takes only one trick which contains the three of spades, it would count negative two (1 trick plus negative 3 points = negative 2 points). Taking two tricks with one containing the three of spades would count negative one, and three tricks with one containing the three of spades would count zero. If the five of hearts was also taken with any of the above examples, then just add five points to the net score.

   b) Bidding - the minimum bid that can be made is six unless bidding no trump; when bidding no trump, the minimum bid is seven.

   c) Misdeal - there shall be no misdeals, as tournament rules will be played, but with six as the minimum bid and not seven as stated in the rules.

   d) Scoring at 47 points and over - delete from the rules, as each game will consist of four hands at each table; then players rotate to play another team. A round robin is to be played with accumulated points from each game of four hands recorded. The team with the highest accumulated total points upon completion of the round robin is the winner.
e) Tie breaker - upon completion of the round robin, if two teams are tied in total points, the team that scored the most points in the game involving the two tied teams is the winner.

f) If a card is exposed by accident while dealing, then the hand is re-dealt by the same dealer.

g) Competitors are encouraged not to hint-talk while playing.

RULES AND PLAYOFF INFORMATION

International Federation of Pickleball (IFP) rules shall apply.

Tournament directors for non-sanctioned tournaments may be flexible in the use of these guidelines to better fit the skills, ages, and diversity of their players. All officials and players shall be briefed and/or supplied with tournament rules.
Basic Rules Summary

Court

1. The court dimensions are identical to a doubles badminton court. The court dimensions are 6.09m by 13.4m (20’ by 44’).

2. The net is hung at 91.4cm (36”) at each end and 86.3cm (34”) at the centre.

3. A non-volley zone extends 2.14m (7”) on each side of the net.

Serve

1. At the start of the game, the player on the right side always serves first. Only one player on the starting team gets to serve until they lose a volley. The serve then goes to the opposition and the person on the right-hand side serves first. If person #1 scores a point, that person moves to the other side and tries to score more points. Person #1 serves until he/she loses a volley. Note: Before every serve – the server must call out the score and what serve is serving, i.e. #1 or #2. Example: If #1 server is serving and the score is 6 to 5 for his/her side – he/she will call out 6-5-1.

2. Both feet of the server must remain behind the baseline until after the ball is struck. The serve must be underhand and travel diagonally to the opposition side. Serve can’t land in the non-volley zone or on the non-volley zone line. All other lines are a part of the court. The serve must be made with an underhand stroke so that contact with the ball is made below waist level.

3. **Underhand Defined:** The arm must be moving in an upward arc and the paddle head shall be below the wrist when it strikes the ball. Each player is allowed only one serve attempt unless it is a “let” serve. A let serve occurs when the serve hits the net and still lands in the correct service court. If this occurs, the serve is played over.

4. **Double bounce rule:** Each team must play their first shot off the bounce. After the ball has bounced once on each side, then both teams can either volley the ball in the air or play it off the bounce. The ball MUST bounce once on each side before volleying the ball in the air otherwise it is a fault.

5. If the serve hits any lines except the front service line the ball is considered in play. If the ball hits the front service line on the serve, it is considered a fault.
6. Player in **right-hand** court (1) serves diagonally across court to receiver (3) in opposite **right-hand** court. The ball must clear the non-volley zone and land in the **right-hand** serving court. The receiver (3) must let the ball bounce before returning the serve. Serving team must **also** let the return bounce before playing it. After the two bounces have occurred, the ball may then be either volleyed or played on the bounce until a fault is made.

7. If the fault is made by the receiving team, a point is scored by the serving team. When the serving team wins a point, its players will switch courts and the **same player** will continue to serve.

When the serving team makes its first fault, players will stay in the same court and the second partner will then serve. When they make their second fault they will stay in the same court and turn the ball over to the other team. Players switch courts only after scoring.

**Scoring**

1. A team shall score points only when serving. A game is won by the first team scoring 11 points and win by two points. Games are normally played to 11.

2. A match consists of the best 2 out of 3 games to 11.

3. If the opposing team makes a winning shot, then it is either considered a side-out or the next person’s serve. There are no points awarded.

**Faults:** A fault is any action that stops play because of a rule violation. A fault will be declared for the following:

1. If the serve or service return does not bounce before striking the ball (Two-Bounce Rule);
2. Hitting the ball into the net on the serve or any return;
3. Hitting the ball under the net or between the net and the net post;
4. Hitting the ball out of bounds;
5. Failure to hit the ball before it bounces twice on the receiving player’s court;
6. Violation of any service rule. See Section 4;
7. A player, a player’s apparel, or a player’s paddle touches the net system or the net posts when the ball is in play;
8. The ball in play strikes a player or anything the player is wearing or carrying, except the paddle or the player’s paddle hand below the wrist. If the player is in the process of changing hands with both hands on the paddle, or is attempting a two-handed stroke and either hand is hit below the wrist, then the ball is still in play;
8. A live ball that is stopped by a player before it becomes dead. Example: catching or stopping a ball in flight before it makes contact with the court;
9. If a ball in play strikes any permanent object before bouncing on the court;
10. If the ball in play hits a permanent object after it has bounced on the court, the player who hits the ball wins the rally;
11. Violation of the non-volley-zone rules. See Section 9;
12. Violation of other rules. See Section 11;

13. The serve is made bouncing the ball before hitting it. Exception: See 4.A.4;
14. Once the ball is in play, a player hits the ball before it passes the plane of the net;
15. The player deliberately carries or catches the ball in play on the paddle; and,
16. The player deliberately touches the ball with the paddle more than once (double hit). See 11.A.

The Net Posts: The net posts are positioned out of bounds. If a ball strikes the net post or anything attached to the net post, it is a fault and a dead ball is declared. This rule does not include the net, the net is cable or rope between the net posts.

      iii. Player trailing in game count breaks the next game.

7. **Racking the Balls**

   The balls are racked in a triangle at the foot of the table with the 8-ball in the centre of the triangle, the first ball of the rack on the foot spot, a stripe ball in one corner of the rack and a solid ball in the other corner.
8. **Call Shot**

   a) In a call shot, obvious balls and pockets do not have to be indicated.

   b) It is the opponent’s right to ask which ball and pocket if he is unsure of the shot.

   c) Bank shots and combination shots are not considered obvious; and, care should be taken when calling both the object ball and the intended pocket.

   d) When calling the shot, it is never necessary to indicate details such as the number of cushions, banks, kisses, caroms, etc.

   e) Any balls pocketed on a foul remain pocketed, regardless of whether they belong to the shooter or the opponent.

   f) The opening break is not a “called shot.”

   g) Any player performing a break shot in 8-ball may continue to shoot as long as any object ball is legally pocketed on the break.

9. **Legal Break Shot**

   a) (Defined) To execute a legal break, the breaker (with cue ball behind the head string) must either: 1. Pocket the ball, or, 2. Drive at least four numbered balls to the rail.

   b) When the breaker fails to make a legal break, it is a foul, and the incoming player has the option of:
      
      i. Accepting the table in position and shooting, or  
      ii. Having the balls re-racked and having the option of shooting the opening break or allowing the offending player to re-break.

10. **Scratch on a Legal Break**

    a) The balls pocketed remain pocketed (Exception, the 8-ball: see rule 11.b).

    b) It is a foul

    c) The table is open.
Note: The incoming player has cue ball in hand behind the head string and may not shoot an object ball that is behind the head string, unless he first shoots the cue ball past the head string and causes the cue ball to come back behind the head string and hit the object ball.

Object Balls Jumped Off The Table On The Break
It is a foul and the incoming player has the option of, 1. Accepting the table position and shooting, or, 2. Taking cue ball in hand behind the head string and shooting.

   c) Note: The table is always open immediately after the break shot.
   d) When the table is open, it is legal to hit any solid or stripe first in the process of pocketing the called stripe or solid.
   e) However, when the table is open and the 8-ball is the first ball contacted, it is a foul and no stripe or solid may be scored in favour of the shooter.
   f) The shooter loses his turn, the incoming player is awarded cue ball in hand; any balls pocketed remain pocketed; and the remaining player addresses the balls with the tables still open.
   g) On an open table, all illegally pocketed balls remain pocketed.
13. **Choice of Group**

The choice of stripes or solid is not determined on the break even if balls are made from only one or both groups, because the table is always open immediately after the break shot.

The choice of group is determined only when a player legally pockets a called object ball after the break shot.

14. **Legal Shot**

a) (Defined): On all shots (except on the break and when the table is open), the shooter must hit one of his group of balls, and
   i) pocket a numbered ball,
   ii) cause the cue ball or any numbered ball to contact a rail.

b) Please Note: It is permissible for the shooter to bank the cue ball off a rail before contacting the object ball; however, after contact with the contact ball, an object ball must be pocketed or the cue ball or any numbered ball must contact a rail.

c) Failure to meet these requirements is a foul.

15. **“Safety” Shot**

a) For tactical reasons, a player may choose to pocket an obvious object ball and also discontinue a turn at the table by declaring “safety” in advance.

b) A safety shot is defined as a legal shot.

c) If the shooting player intends to play a safe by pocketing an obvious object ball, then prior to the shot, the shooter must declare a “safety” to the opponent.

d) It is the shooter’s responsibility to make the opponent aware of the intended safety shot.

e) If this is not done and any one of the shooter’s object balls is pocketed, the shooter will be required to shoot again.

f) Any ball pocketed on a safety shot remains pocketed.

16. **Scoring**

a) A player is entitled to continue shooting until failing to legally pocket a ball of this group.
b) After a player has legally pocketed all of his/her group of balls, he/she shoots to pocket the 8-ball.

17. **Foul Penalty**

a) Opposing player gets cue ball in hand.

b) This means that the player can place the cue ball anywhere on the table (does not have to be behind the head string except on opening breaks).

c) This rule prevents a player from making intentional fouls, which would put an opponent at a disadvantage.

d) With “cue ball in hand,” the player may use a hand or any part of a cue (including the tip) to position the cue ball.

e) When placing the cue ball in position, any forward stroke motion contacting the cue ball will be a foul, if not a legal shot.

18. **Combination Shots**

Combination shots are allowed; however, the 8-ball can’t be used as a first ball in the combination unless it is the shooter’s only remaining legal object ball on the table. Otherwise, should such contact occur on the 8-ball, it is a foul.

19. **Illegally Pocketed Ball**

An object ball is considered to be illegally pocketed when:

a) that object ball is pocketed on the same shot a foul is committed, or

b) the called ball did not go in the designated pocket, or

c) a safety is called prior to the shot.

Illegally pocketed balls remain pocketed and are scored in favour of the shooter controlling that specific group of balls, solid or stripes.

20. **Object Balls Jumped Off The Table**

a) If any object ball is jumped off the table, it is a foul and a loss of turn, unless it is the 8-ball which means loss of game.
b) Any jumped object balls are not re-spotted.

21. Jump and Masse’ Shot Foul

While “cue ball fouls only” is the rule of play when a match is not presided over by a referee, a player should be aware that it will be considered a cue ball foul if during an attempt to jump, curve or masse’ the cue ball over or around an impeding numbered ball that is not a legal object ball, the impeding ball moves (regardless of whether it was moved by a hand, cue stick follow-through or bridge).

22. Playing the 8-ball

When the 8-ball is the legal object ball, a scratch or foul is not loss of game, if the 8-ball is not pocketed or jumped from the table. Incoming player has cue ball in hand.

Note: A combination shot can never be used to legally pocket the 8-ball except when the 8-ball is the first ball contacted in the shot sequence.

23. Loss of Game

A player loses the game by committing any of the following infractions:

a) Fouls when pocketing the 8-ball (exception: see 8-ball Pocketed on the Break).

b) Pockets the 8-ball on the same stroke as the last of his group of balls.

c) Jumps the 8-ball off the table at any time.

d) Pockets the 8-ball in a pocket other than the one designated.

e) Pockets the 8-ball when it is not the legal object ball.

Note: All infractions must be called before another shot is taken, or else it will be deemed that no infraction occurred.

24. Stalemated Game

If, after 3 consecutive turns at the table by each player (6 turns in total), the referee judges that attempting to pocket or move an object ball will result in loss of game, the balls will be re-racked with the original breaker of the stalemated game breaking again. The stalemate rule may be applied regardless of the number of balls on the table.

Note: Three consecutive fouls by one player in 8-ball is not a loss of game.

Note: Disturbed Balls (Cue Ball Fouls Only) refer to the website.

COMPUTITION

Predicted time competitors can enter two predicted time events: 100m each day for two days (total of 200m) and 200m each day for two days (total 400m) and cannot enter the timed events but can enter the 4 x 50m relay in their proper gender category if required to make up a team. Any stroke or combination of strokes permitted.

RULES AND COMPETITION INFORMATION (TIMED AND PREDICTED)

1. The following defines the strokes permitted:
   Freestyle – Any stroke you wish to use.
   Breast stroke – Any stroke that resembles a breast stroke (arms must be pushed forward simultaneously above or below the water.)
   Backstroke – Any stroke executed on the back.
   Butterfly – A stroke in which the arms are thrown together out of the water while the feet kick up and down.

   MSW8.1: From the beginning of the first arm stroke after the start and each turn, the body shall be kept on the breast. Underwater kicking on the side is allowed after the start or turn. It is not permitted to roll onto the back at any time, except at the turn after the touch on the wall, where it is permissible to turn in any manner as long as the body is on the breast when leaving the wall.

   MSW8.2: Both arms shall be brought forward simultaneously together over the water and brought backward simultaneously under the water throughout the race, subject to MSW8.5.

   MSW8.3: All up and down movement of the legs must be simultaneous. The legs or the feet need not be on the same level but they shall not alternate in relation to each other. A breaststroke kick is permitted for butterfly. Only one
breaststroke kick is permitted per arm pull except that a single breaststroke kick is permitted prior to the turn and the finish without an arm pull. After the start and after each turn, a single breaststroke kick is permitted prior to the first arm pull.

MSW8.4: At each turn and at the finish of the race, the touch shall be made with both hands separated and simultaneously, at, above or below the water surface.

MSW8.5: At the start and at turns, a swimmer is permitted one or more kicks, then one arm pull under, which must bring him/her to the surface. It is permissible for a swimmer to be completely submerged for a distance of not more than 15 m after the start and after each turn. By that point, the head must have broken the surface. The swimmer must remain on the surface until the next turn or finish.

2. Persons in a higher age category may enter a lower age category.

3. No diving entry – in shallow water, use a standing start; in deep water, hold on the edge of the pool with a push start.

4. Starts are permitted from blocks, edge of pool, or push off in the water supported by a hand on the end of the pool.

5. False start rule – Any competitor who commits a false start during a third or subsequent attempt at a start shall be disqualified, no matter if the competitor has been blameless in all previous attempts at starting the race.

6. Pools should be roped off into separate lanes for each swimmer.

7. Swimmers are required to touch the end of pool during turns. Swimmers using butterfly or breaststroke must have both hands touch at the ends of the pool.

8. Predicted time competitors will be permitted to know their times after the first swim for the 100 m and the first swim for the 200m.

9. Predicted Time Swim – Swimmers will be required to submit their predicted time each day, a half hour prior to competing. The combined total difference for the two days will determine the winners. For example, if six (6) seconds over on the first day and three (3) seconds under on the second day, combined total time difference is nine (9) seconds.

10. Predicted Time Swim - Swimmers are not to use watches or receive pacing information from the sidelines. In the case of a tie, the swimmer with the fastest time will be declared the winner.

11. Competitors are to be timed to a tenth (1/10) of a second. If a tie still exists, then both competitors are declared winners.

RULES AND PLAYOFF INFORMATION

1. At the start of the tournament each team will be designated an “A” or a “B” team. The team designated “A” will always move no matter if they have won or lost. Where feasible, a round-robin tournament may be followed instead of a Team “A” and Team “B”.

2. The playing rules and format to be read out by the Whist Coordinator before the first round is played.

3. All players cut for deal. ACE is high. Deal progresses clockwise. Dealer shuffles and player to right of the dealer cuts the deck before the deal.

4. A game consists of five (5) hands. Trump is as follows: **HEARTS, SPADES, DIAMONDS, CLUBS, and NO TRUMP.**

5. The player to the dealer’s left leads; any card may be led. Players must follow suit by playing a card of the same suit as the card led if they can; a player with no card of the suit led may play any card. The trick is won by the highest trump in it, or if it contains no trump, by the highest card of the suit led. The winner of a trick leads to the next.
GENERAL POLICIES AND PROCEDURES REGARDING THE GAMES

6. If a player does not follow suit (“revoking” is failing to follow suit when able to do so) a player is not penalized if he/she corrects the error before the trick is turned over, and the partner of the player who fails to follow suit may caution him/her by asking if he/she does not have any card of the suit led. Once the trick has been turned over, but before play to the next trick has begun, the opposing partnership may challenge and claim a revoke. A partnership cannot win a game in any hand in which it revokes. For a non-established revoke, i.e. a revoke corrected before the trick is turned over, there is no penalty. For an established revoke, i.e. one that is detected later in the game, there will be a two-trick penalty.

7. A card laid is a played card.

8. Scoring is determined by tricks won. Each trick is worth 1 point.

9. Score recorder will pick up sheets after every 5th hand. Score sheets will be provided – one for each pair and signed by a member of the opposition.

10. Scores will be posted on a Master Score Sheet on flip chart or wall after each five-deal game and be on display during the playing times.

11. Winners will be declared according to the highest score.

12. TIE BREAKING

   If two teams are tied with total points at the end of the tournament, a sudden victory playoff will take place. Five hands will be played. In the case of a three-way tie, a round robin format will be used to break the tie. Teams will play one hand of NO TRUMP.

RULES AND PLAYOFF INFORMATION

1. THE BOCCE COURT

The sport of bocce will be played on a grass court. The ground should be level and firm and the grass cut short, minimum ¼ “and maximum 1½” high. For best results, use lime to mark the court.

The total length of the lane is 80 feet and the width is 13 feet. The length includes a 10’ throwing zone at each end. Line A corresponds with the total length of the lane. Line B represents the playing zone. All play takes place within lines B.
2. REGULATIONS

a) Players are not allowed beyond line B until all bocce have been played. The referee is the only one allowed at the pallino end.

b) The small ball (pallino) must cross the centre line (line D).

c) A coin is tossed by the team skips to determine who throws first. The team winning the toss has the option of throwing first or last. The team that throws first has the choice of bocce color. In subsequent ends, the team scoring the previous end shall throw first.

d) The team throwing the pallino has ONE attempt to place the pallino in the play area beyond the centre line (line D). If this is not accomplished, the opposing team throws the pallino and the team that threw the pallino first, throws the first ball. If the player from the second team also fails to place the pallino in the play area, the referee then centers the pallino at a point halfway between lines B and D at the opposite end. The team that first threw the pallino then throws the first ball.

e) At the start of an end (frame), if the pallino lands closer than one (1) foot to the side line (referee can measure with the paddle), the pallino is then centered (no closer or further from delivery point) by the referee. If the pallino lands closer than one (1) foot to the end line, the pallino is placed in the center of the court by the referee.

3. THE GAME AND THE TEAMS

a) The object of the game is to get one’s own boccia as close as possible to the pallino.

b) The boccia may be either rolled (raffa) or lofted (volo) down the lane. The boccia is rolled or lofted underhand only.

c) Nearest ball – if team A won the toss and chose to go first, team A rolls or lofts the pallino and then rolls or lofts one bocce. The first player on the opposing team (team B) then takes their turn. They must get their color of bocce closer to the pallino than team A’s color of bocce. The referee makes the decision who is the closest, and shows the opposite color with his/her paddle (if red is closest, he shows green, so
green throws next). If the team B player fails to get closer with his/her two bocce, then the next player of team B tries. If team B is unable to get closer to the pallino than team A, the remaining bocce of team A shall then be thrown. If a player from team B succeeds in getting his bocce closer to the pallino than team A’s bocce, team A begins to play again. The play shifts from one team to the other depending upon whose bocce is the closest to the pallino.

**Note:** If the first player on team A rolls or lofts his first boccia out of bounds, then he loses his turn to the first player on team B. It will be considered out of bounds when it touches a boundary line.

d) **Two Player Bocce** - Each team will consist of two players. The lead and skip of both teams will each throw two balls from the same end of the court to consist of an end played. The skip is a player who has the right to address the referee with regard to the game and ask to verify the position of the played bocce.

Four Player Bocce – Each team will consist of four players. The leads and seconds from both teams will each throw two balls from the same end of the court to constitute one end played. The next end the thirds and skips will each throw two balls from the opposite end of the court, constituting another end played. Play will continue to rotate in this manner until the game is completed. (C55+ event)

e) Players may not change positions during a game. Any change or substitutions must occur between games.

f) Each player is allowed up to one minute to deliver one boccia.

g) Each team is allowed one 2-minute time out per game. This can be done only when a player from the team requesting the time out is about to play. During the time-out, players may go beyond line B to meet one another.

4. **THE PLAY AT POINT (PUNTO)**

   a) The play at point consists of throwing one’s boccia as close as possible to the pallino. The player must not step on or beyond line B. If the player’s foot steps on the line, his/her boccia is removed immediately.

   b) It is not permissible to play another boccia before the previous boccia comes to a stop.
c) If two opposing bocce are equidistant from the pallino at the conclusion of an end, a blank end is declared.

5. THROWING OF THE BOCCE

a) During the game, it is not permissible for the players to go beyond the throwing line (line B) until both teams have finished playing.

b) A player cannot go beyond line B if he/she still has bocce to play. If the player does cross line B, he/she will lose one (1) boccia.

c) Any boccia or pallino that exits a lane during regular play are considered to be no longer valid.

d) All bocce are valid as soon as they are delivered across the near line B. There is no hog line.

e) When a player delivers a ball belonging to the opposing team, a ball belonging to his/her team will put in its place by the referee.

f) If a player throws out of turn, the non-offending team will have the option of letting the throw stand, or, after repositioning any displaced balls, have the offending team re-throw in the correct order.

g) If a foul is committed other than while throwing a ball, the referee shall give one warning and then on any other fouls committed by the same person, an undelivered ball shall be removed. If all balls have been delivered, the referee shall remove that team’s ball that is closest to the pallino.

6. DEFINITIONS

a) Punto – point

b) At Punto – in the attempt to get a point

c) Raffa – the roll (a form of delivery)

d) Volo – loft or fling

e) Pallino – a small ball, sometimes called a jack
f) Boccia – large game ball

g) Bocce - plural of boccia

h) Pointing – A ball thrown or rolled to obtain a point close to pallino. The roll line must be used to determine a foul.

i) Frame – The period in the game in which balls are played from one side of the court to the other and points are awarded. Sometimes referred to as an end.

j) In Ball – The side whose bocce ball is closest to the pallino. Whenever a team gets “in” it steps aside and allows the “out” team to bowl.

k) Out Ball – The opposite side.

l) Dead Ball – Any ball that has been disqualified. A ball may be disqualified if: It is the result of a penalty; it has gone out of the court; or, if it contacts a person, or object that is out of the court.

m) Live Ball – Any ball in play or waiting to be thrown is considered a live ball.

7. ADDITIONAL COMMENTS

The game is similar to lawn bowling and carpet bowling. The object of the game is to get as many bocce as possible closest to the pallino. If the pallino is knocked out of bounds, the team committing the error shall be penalized two points. These two (2) points will be awarded to the opposing team and the end will count as an end played.

8. SCORING

a) Each game shall consist of up to ten ends (frames). Total score declares the winner. A team achieving fifteen (15) points prior to the completion of (10) ends shall be declared the winner.

b) Points are computed by assigning one (1) point to each boccia closest to the pallino with respect to the opponent’s bocce.

Skips on each team are responsible for the count at the completion of each end. No balls are allowed to be touched until the opposing skip agrees to the score. On a call where neither skips can agree, then the referee will be called to measure and make that decision.
Measurement procedure: Point the lawn bowling tape in a direct line from the pallino to the boccia that appears closest to the pallino. Place the tape on the ground, gently touching the point to the pallino. Pull the string and lock into placed to measure the closest boccia, and compare to other ball(s) to determine which color is shot.

9. COMPETITION FORMAT

A complete round robin shall be played. When round robin is completed, calculate total **Win/Tie/Loss** points to determine winner. Team with the most Win/Tie/loss points is declared winner. It is recommended that tie-break procedures be clearly outlined before play begins.

a) A win will count two (2) points.
b) A tie will count one (1) point.
c) A loss will count zero (0).

If there is a tie for the total game points, the team that had the most wins is awarded the higher ranking. If teams are still tied, the winner of the game in the round robin between the tied teams is awarded the higher ranking. If a tie still exists, then the team with the greatest overall point differential will be declared the winner.

MEDALS

Medals will be presented to team members winning the Gold/Silver/Bronze medals in each age category.

8 Gold/ 8 Silver/ 8 Bronze

RULES AND PLAYOFF INFORMATION

1. Teams will consist of four players, any combination of men and women.

2. **Bowls** will be 4 inch indoor biased carpet bowls.

3. **Carpet** will be 30 feet by 6 feet.

4. Standings for a tournament will be based on Wins/Ties/Losses. A win shall count as 2 points, a tie as 1 point and a loss as 0 points.

5. Tournament play for a national final will be a round-robin event. If two teams are tied after round robin play, four extra ends (or more if necessary) will be played until the tie is broken. If a three-way tie exists, the aggregate points scored against each team shall be divided into the aggregate points it has scored.

6. Bowls moved inadvertently before being measured will be put back in place. The thirds will be responsible for measuring. Dead bowls will be removed. All measurements will be supervised by the event official.

7. If a player bowls an opponent’s bowl by mistake, he or she will replace it with one of his/her own, once the bowl has come to rest.
8. Penalties will apply for knocking the jack off the carpet. The points will be added to the score of the opposing team and the end will be counted as an end played; except, the eighth end should be replayed if the jack is knocked off. Penalties are listed further on in these rules.

MODIFIED RULES FOR PERSONS WITH DISABILITIES:

We have in mind persons who because of accidents or other ailments are unable to deliver their bowls in a standing position. Such persons should be permitted to deliver the bowls in a position which best suits them, whether sitting in wheel chairs, ordinary chairs or stools; even to resting their knee, if kneeling, or knees on the floor. Front wheels and legs of chairs, and the person’s knee must be immediately behind the toe-line; otherwise, standard rules and common sense prevail.

EQUIPMENT

The diagram shows the plan of the carpet with the delivery rectangles, each of which is 24 inches by 20 inches by 9 inches. To protect the carpet while the bowls are being delivered, the footer at the delivery end must be covered by a mat that may extend behind the carpet. White lines parallel to the ends of the carpet and at a distance of 10 feet from each end are drawn across the carpet. Slippers or soft-soled shoes, without heels, should be worn. Equipment is to be supplied by the Host Committee.

A GAME

A game will consist of eight (8) ends. If the total number of points is equal at the conclusion of a match, the result will be a tie. If a winner is required, an extra end will be played and the opponents will toss as for the beginning of a game. If during the playing of an extra end the jack is knocked off the carpet, the penalty will be incurred and the end is not replayed. Control of the carpet passes to the opposing side as soon as the preceding bowl has come to rest.
THE PLAYERS

In a fours game, each plays two bowls; the leaders their two alternately, then similarly with the seconds, the thirds and the skippers.

Teams will toss and the winner of the toss will have the choice of the set of bowls to use, and will have the option of directing the opponent to bowl the jack and the first bowl or electing to do so himself. Each succeeding end will be started by the winner of the previous end at which a score was recorded. In deciding the winner of an end, penalty scores must not be considered. The first to play at an end that results in a tie (no score), a dead end, or a penalty, will again play first.

The “skipper” will have sole control of his players and the skippers will be the sole judges of all disputed points, except on measuring (done by the thirds).

If they are unable to agree, the dispute will be settled by the umpire. In the fours game, the third will be the measurer and the second will be the scorer. The Skipper is the director of the head except when bowling; then, the third is the director of the head.

LOCATION OF PLAYERS

The directors of the head stand at the jack end of the carpet. All players, except the skippers, must remain at the delivery end until the skippers are due to bowl, and they will then change ends.

All players, except those controlling play, will stand or be seated beyond the end of the carpet at the delivery end or beyond the end of the carpet at the jack end if the players have changed ends. The skippers, after having changed ends will remain beyond the end of the carpet at the delivery end. The player controlling play for the team that has possession of the carpet may stand behind the carpet at the jack end or along either side of the carpet provided they remain less than 15 feet from the end of the carpet at the jack end. The player controlling play for the team that does not have possession of the carpet must stand beyond the end of the carpet at the jack end.

BOWLING THE JACK

If the jack, when bowled, runs off the carpet either at the ends or the sides, or if no part of it reaches the line 20 feet from the delivery end of the carpet, it will be sent back for the opponent to bowl it. After each leader has had one unsatisfactory throw, the jack will be placed approximately 24 feet from the delivery end of the carpet and in the centre of the carpet. The opponent’s throwing of the jack will not affect the order of playing of the bowls. If the jack, when
bowled, comes to rest on the carpet between the line 20 feet from the delivery end and the front of the rectangle at the jack end, it will be placed at the centre of the carpet at a point opposite that at which it came to rest. If the jack, when bowled, comes to rest on the carpet at a point further from the delivery end than the front line of the rectangle at the jack end, it will be centred at the front of this rectangle. If at any time the jack is shifted by play and rebounds so that it comes to rest less than 15 feet from the delivery end of the carpet, the end will dead and will be replayed.

DELIVERING THE BOWL

At the moment of delivery, a player must have at least part of one foot within, and on the footer. No portion of either foot may be on, or over, any portion of the carpet except the footer area. Any portion of either foot which is not on the footer must be outside the carpet. At the moment of releasing the bowl, a player must have the hand delivering the bowl within the boundaries of the delivery rectangle. The bowl need not contact the carpet before passing outside the delivery rectangle. The bowl must pass wholly over the front line of the delivery rectangle. It is permissible to deliver a bowl in such a way that the natural bias does not operate except that a bowl may not be delivered disc-over-disc. A bowl that comes to rest less than 10 feet from the delivery end of the carpet, or outside the boundaries of the carpet, is dead and will be removed. If a player bowls an opponent’s bowl by mistake, it will, when it has come to rest, be replaced by one of his own bowls.

DELIVERING THE JACK: The rules that govern the delivery of a bowl as to the footer and the delivery rectangle, will also apply to the delivery of the jack. If a player infringes these rules, the jack will be considered as improperly delivered.

JACK IN COURSE: If a jack in course is obstructed or deflected by a neutral object or neutral person or by an umpire, opponent, or a member of the opposing team, it will be redelivered by the same player. If it is obstructed or deflected by a member of the player’s own team, it will be redelivered by the Lead of the opposing team.

MOVEMENT OF JACK: If a jack is diverted from its course while in motion on the carpet as the result of play, or displaced while at rest on the carpet by one of the players, the opposing Skipper will restore the jack to its former position or allow it to remain where it rests and play the end to a finish, or declare the end dead.

BOWL IMPROPERLY DELIVERED: Should a player deliver a bowl not in accordance with earlier provisions of these laws, the umpire may, after having given a warning, have the bowl stopped and declared dead. If the bowl has come to rest and has not disturbed the head, the bowl will also be declared dead. If the bowl has disturbed the head, the opponent will have the option of either re-setting the head; leaving the head as altered; or declaring the end dead.
GENERAL POLICIES AND PROCEDURES REGARDING THE GAMES

MOVEMENT OF BOWLS: If a bowl, while in motion or at rest on the carpet, is interfered with or displaced by one of the players, the opposing Skipper will have the option of:

a) Restoring the bowl as near as possible to its original position
b) Letting it remain where it rests
c) Declaring the bowl dead
d) Declaring the end dead

If a bowl in its original course is interfered with by a neutral person or object and it has not disturbed the head, it will be replayed. If it has disturbed the head, the two Skippers will agree on the replacement of the head. If they are not able to agree, the end will be declared dead.

If the head is disturbed by a neutral object or person, the two Skippers will agree as to the replacement of the head. If they are unable to agree, the end will be declared dead.

If a bowl or the jack is inadvertently moved while being measured, it will be replaced by the opposing measurer. If the movement is caused by an umpire, the umpire will make the replacement.

MEASURING

After all of the bowls have been played and come to rest, the measurers will decide the result. If the measuring is necessary, it may be carried out by either measurer. If the opposing measurer is not satisfied, he may then measure himself. If the measurers are not in agreement, they will call the umpire whose decision is final. One point is allowed for each bowl nearer the jack than the nearest bowl of the opponent. If the nearest opposing bowls are equidistant from the jack, the end is a tie and no score is recorded although it will count as an end.

PENALTIES FOR TAKING THE JACK OFF THE CARPET

Leader.................................................................1 point
Second.........................................................2 points
Third............................................................3 points
Skipper.........................................................4 points

The points will be added to the score of the opposing team, and the end will count as an end played.

Exception: The final end will be replayed if the jack is knocked off the mat and penalties will apply.

NOTE: In all cases, the team throwing the first in the end in which penalties were incurred, will throw first in the next end.
GENERAL POLICIES AND PROCEDURES REGARDING THE GAMES

DEFINITIONS

*Bowl in Course or Jack in Course*: a bowl or jack from the moment it is released from the hand until it comes to rest.

*End*: the playing of the jack and all the bowls of all the opponents in the same direction.

*Head*: the jack and such bowls as have come to rest on the carpet and are not dead.

*Displaced as applied to a jack or bowl*: disturbed by any agency that is not sanctioned by these laws.

MEASURING CONDITIONS

The measurement will be made to the nearest point of each object. No measuring will be allowed until all the bowls in an end have come to rest. When the last bowl has come to rest, half a minute will elapse, if either team desires, before the shots are counted. If a bowl requiring to be measured is resting on another bowl that prevents its measurement, the best available means will be taken to secure its position, whereupon the other bowl will be removed.

The same course will be followed where more than two bowls are involved, or where, in the course of measuring, a single bowl is in danger of falling or otherwise changing its position.

If a bowl is not stabilized and it changes its position on its own accord before being measured, its changed position will apply.

No bowl will be removed without first receiving the consent of the opposing measurer.

*Nothing in these laws will be deemed to make it mandatory for the last player to play his last bowl in any end; but, the player will declare to his opposing Skipper his intention to refrain from playing it before the commencement of determining the result of the end and this declaration will be irrevocable.*

PLAY IRREGULARITIES

When a player has played before his turn, the opposing Skipper will have the right to stop the bowl in its course and it will be played in its proper turn; but, in the event of the bowl so played having moved or displaced the jack or bowl, the opposing Skipper will have the option of allowing the end to remain as it is after the bowl so played comes to rest or having the end declared dead.
GENERAL POLICIES AND PROCEDURES REGARDING THE GAMES

If the result of an end has been agreed upon or the head has been touched in the agreed process of determining the result, then a player who forfeits or has omitted to play a bowl will forfeit the right to play it.

A player who has neglected to play a bowl in the proper sequence will forfeit the right to play such bowl, if a bowl has been played by each team before such mistake was discovered.

If, before the mistake is noticed, a bowl has been delivered in the reversed order and the head has not been disturbed, the opponent will then play two successive bowls to restore the correct sequence. If the head has been disturbed, the opposing Skipper will have the option of allowing the end to remain as it is after the bowl so played has come to rest or having the end declared dead.

If a bowl delivered out of the proper sequence drives the jack off the carpet, the end will be declared dead and penalties will be assessed in accordance with earlier provisions of these laws.

No player or spectator will be permitted to interfere with a player in any way while a player is in the process of delivering his bowl.

MEDALS

8 Gold/ 8 Silver/ 8 Bronze

RULES AND PLAYOFF INFORMATION

1. A round robin tournament format to be used. If two teams are tied after a complete round robin, a four end game will be played.

2. Games will consist of eight ends.

3. Teams will consist of four players. In the event of illness or accident during competition the Host City or District will provide a replacement.

4. The length of the floor space available will determine the length of the playing surface. The standard rink should be 36 feet in length and 8 feet in width; however, if the playing surface available is less than 36 feet, then the length will have to be reduced accordingly.

5. Circles 27 inches in radius are drawn in each end. The centre of the circle is located 45" from the middle of the end line and should be indicated by a circle or button 3½ inches in radius. Hog-lines are marked across the rink 6 feet from the edge of the circle. A toe-line is marked on each end line 27 inches each way from the centre of the end line. The toe-line is, therefore, 54 inches in length and directly behind the circle of 54 inches in diameter. The player when delivering her/his rock must stand behind this toe-line, within the 54 inch distance and directly behind the circle.

6. The Third players are responsible for deciding and recording the score. Rocks must not be removed until agreement has been reached by the Thirds. If there is any doubt, then the official umpire or Draw Master should be called into measure.

7. A pair of callipers or compasses should be used for measuring the distance that rocks are from the centre button in determining which team scores.
8. The rock is delivered from a standing position (see Modified Rules for the Disabled). No step or slide may be taken. Both feet of the player must be inside the marks on the sides of the toe-line, directly behind the circle and the player must stand immediately behind the toe line. The rock must be delivered inside the markers on each side of the toe-line.

9. The Skip, while directing play, must not touch her/his team's nor the opponents' rocks during play nor shall Skips allow any rocks to touch them.

10. Rocks shall be taken from play if:

   a) The delivering player steps over the toe-line.

   b) The rock strikes the side boundaries of the rink or border of end lines outside the toe-lines. NOTE: If a rock bumps another rock after bouncing off the sides, then the rock so bumped shall be put back as close as possible to its former position.

   c) The rock does not completely cross the hog-line.

       NOTE: If the rock being delivered strikes another rock that is just immediately over the hog-line, that rock being delivered is in play even though it may not be completely over the hog-line.

   d) The rock is completely over the toe-line.

       NOTE: Rocks resting between the circle and the toe-line are still in play as it is possible that rocks played later may come to rest in a scoring position.

   e) A rock being delivered comes to rest on its edge, handle or another rock.

       NOTE: A rock that is delivered rolling or upside down is termed an illegal delivery. However, if the rock being delivered on its handle or side rights itself before crossing the second hog-line, such rock is considered to be in play. The Skip of the player making an illegal delivery shall make every effort to stop and remove from play such rock (between hog-line and house) before it comes in contact with any rocks in play.

   f) If a rock is delivered legally but is overturned AFTER striking rocks already in play, the delivered, overturned rock must be removed and other rocks moved by that rock will remain in play in their new positions.

   g) If in the opinion of the Umpire or official, a rock is delivered in an unorthodox manner, such rock shall be removed from play.
GENERAL POLICIES AND PROCEDURES REGARDING THE GAMES

If Skip or Vice-Skip accidentally moves a rock(s), such rock(s) shall be placed as close as possible to original positions; decisions to be made by Skips or Vice-Skips.

If Skip or Vice-Skip moves her/his team's rock(s) with stick or feet to gain advantage, then such rock(s) shall be removed from play.

Similarly, if Skip moves opponents' rock(s), then the opposing Skip shall place her/his team's rock(s) back to original position. Under no circumstances shall the rock(s) in question be removed.

11. Scoring shall be:

a) If any rock(s) in play is/are moved by a rock diverted from an adjoining rink, such rock(s) in play shall be placed as close as possible to original position.

b) If a rock in delivery upsets a rock already in play, such rock already in play shall be righted and placed in its former position.

c) If Skips cannot agree on any of the above circumstances, then the official Umpire and/or Drawmaster intervene to make binding and final decisions.

d) The rock or rocks belonging to one team, which are closer to the centre of the house than any of their opponents, shall score a point for each rock in that end.

e) No rocks to be removed until agreement is reached.

f) If there is doubt, then the Umpire or Drawmaster shall be called to measure. A pair of callipers or some other measuring device should be used for measuring. Her/his decision is final.

g) Thirds are responsible for deciding and marking the score.

12. Delivery Sticks

The use of “delivery sticks” to aid in the delivery of the rock is acceptable. The stick is not intended to create an advantage for a player; instead, the intent is for him/her to continue to play the games. The delivery stick must not exceed 45” in length. The delivery stick must work with the handle of the rock, and the rock must be released within 18” past the toe-line towards the circle.
13. Modified Rules For The Disabled

We have in mind persons who because of accidents or other ailments are unable to deliver their rocks in a standing position. Such persons should be permitted to deliver the rocks in a position which best suits them, whether sitting in wheelchairs, ordinary chairs or stools; even to resting their knee, if kneeling, or knees on the floor. Front wheels and legs of chairs, and the person’s knee must be immediately behind the toe-line, otherwise standard rules and common sense prevail.

TIE-BREAKING RULES

If, after a round robin, two teams are tied among those eligible for medals, a four (4) – end game shall be played to determine the winner.

If, after the round robin, more than two teams are tied among those eligible for medals, the following tie-breaking procedure will apply:

1. If a three-way tie exists, go to the most wins in the round robin.

2. If a three-way tie still exists, go to “who beat whom” in the round robin (among those tied).

3. If a three-way tie still exists, go to total of points scored in the round robin.

4. If a three-way tie still exists, go to each curler on all three teams throwing one rock, measure the distance of each rock from the centre and the team with the least total distance would be in 1st place next least would be 2nd place and the longest distance would be 3rd.

   a) If the three teams were tied for 2nd and 3rd place, 1st place from the measured round would receive the 2nd place finishing for the playoff and the 2nd and 3rd place finishers from the measured round would playoff for the 3rd and final position in the playoff.

   b) If the three teams were tied for 3rd place, 2nd place from the measured round would play 3rd place with the winner advancing to a playoff against the 1st place finisher in the measured round. The winner of this game would be the 3rd place competitor in the playoff round.

Note: No team is eliminated by the measurement competition; the finishing places in this competition simply determine the competition position for playoff positions available.

RULES AND PLAYOFF INFORMATION

1. A game will consist of 8 frames. A frame is when all four competitors have played their discs. The choice of disc colour will be decided by the toss of a coin.

2. All competitors will be allowed 4 non-interrupted practice shots.

3. In doubles, the 2 partners stand at opposite ends of the court facing each other throughout the game and shall not leave their own end until the game is completed.

4. To start a game: Yellow discs will be placed on the right hand side of the court. All discs will be placed in the 10 off area. Yellow disc is shot first. Play alternates yellow then black until discs are all shot. Black shoots first to start the second frame, with the color alternating to start each frame.

5. Discs must be launched from anywhere within the shooting player's half of the court area. Competitors change sides halfway through the game and play with the same colour of disc for all the frames.

6. The shooting competitor's feet must not come in contact with the baseline or step over at any time during the execution of the shot. Penalty - 10 off.

7. A disc which stops in the area between furthest deadline and starting area is dead, and shall be removed before further play. If a disc is touching furthest deadline, it is in play. A delivered disc coming in contact with a disc touching the deadlines becomes a dead disc and is removed unless this disc is also in contact with the deadline.

8. Any disc that clearly leaves the court beyond the furthest baseline or comes to rest outside the sideline is a dead disc.

9. A disc that stops beyond the furthest baseline or beyond the sideline shall be removed.
10. A disc or discs returning to or remaining on the playing area of the court, after having struck an object outside the playing area, shall be removed from further play.

11. The baseline is the line continuing on the outside of the court for 6 feet 6 inches at each end and also the line signifying the end of the court at each end.

12. SCORING: After all 8 discs have been shot, the score is counted. A disc scores in the area in which it comes to rest. Discs touching a division line do not score.

13. Discs cannot be removed until the scorekeeper or umpire has verified the score. The penalty for this infraction will be: movement of own disc then that disc will not be counted; removal of opponents disc then the disc will be put back as close as possible to previous position.

14. A standard playing court measuring 6 feet in width and 52 feet in length will be used. The playing area should be 39 feet in length from baseline to baseline.

15. If a team shows up more than 5 minutes late for the tournament start and is scheduled to play it will default that first game.

16. If a team defaults a game during tournament play, it will be disqualified from the tournament.

FLOOR SHUFFLEBOARD COURTESIES

1. After a competitor has shot, he or she should take at least one step to the rear and hold his/her cue in an upright position. The competitor must not interfere in any way with his/her opponent.

2. A competitor must wait until opponent's disc comes to rest before shooting.

3. Any remark or motion to partner that indicates coaching is prohibited.

4. Competitors must not make remarks to disconcert opponents' play.

5. Competitors must not leave court except with opponents' permission.

6. Competitors must not intentionally delay or stall a game.
OFFICIALS

There will be a head judge identified at the start of the tournament. Scorekeepers will be provided for each game.

EQUIPMENT

Competitors may bring their own cues as long as they do not exceed six feet three inches in length. Discs will be supplied by the Host Community.

TOURNAMENT DRAW

Depending on the number of entries, a round robin or two-division round robins will be played. If a large number of entries are received, then a two-division round robin can be played. Two points will be awarded for a win and zero for a loss.

Two-Division Round Robin

Play-off Elimination Draw: First in Pool A vs. Second in Pool B  
First in Pool B vs. Second in Pool A

The winners from this will go on to play a game to determine first and second place. The losing teams will play a game to determine third place.

TIE BREAKING SYSTEM

1. Game

If a game is tied at the end of 8 frames the teams will play one extra frame (alternating last disc) until the tie is broken.

2. Division Standings

In the event two teams are tied in division standings, the winner of the previous meeting will advance.

If more than two teams are tied within a division, then points for and against will determine the division winner; the team with the most points will advance. If a team has won by default, then the average points for and the average points against of the games that they have played will determine the score to be awarded for the defaulted game.

**RULES AND REGULATIONS:**

1. The rules of play shall be that of the Canadian Adult Recreation Hockey Association (CARHA) Rulebook.

2. To be eligible for the playoff games, the players’ name must appear on the team roster and must have participated in the one (1) of their team’s round robin games.

3. The home team status will have been pre-determined by a coin toss and identified on the schedule prior to any team being slotted on the schedule.

4. The home team will wear light-coloured jerseys or colours that do not conflict with the visiting team’s colours. It is recommended that if possible, teams bring two sets of jerseys to avoid colour conflict.

5. All games will be two (2), twenty (20) minute periods of stop time. Prior to the start of each game there will be a five (5) minute warm-up. At the conclusion of the warm-up each team must have eleven (11) eligible players ready to play. FAILURE TO COMPLY WILL RESULT IN FORFEITURE. The score will be 2-0 (CARHA Sec. 7 #9).
6. All games must be played to a conclusion. If teams are tied at the end of regulation, a five (5) minute stop time, sudden death overtime period will be played.
   
a) The overtime will be played four (4) on four (4).

b) If the teams are tied at the end of the overtime period, the game will be decided by a shoot-out (see CARHA shoot-out rules).

7. A player is allowed to score only three goals in regulation time. If a fourth goal is scored it will be disallowed and the face-off shall take place at the nearest face-off spot in the neutral zone.

8. The above three-goal rule pertains to regulation time only. Three goal scorers are eligible to score in sudden-victory overtime or in the shoot-out.

9. The goaltenders’ masks must comply with the Canadian Adult Recreational Hockey Association (CARHA) Rulebook. (See Rule Sec. 7 Para 15 re caution to those who choose to play with cat eye goalie masks).

RULES AND PLAYOFF INFORMATION

1. Preparations for the Game:

   a) Tables should be arranged and numbered from one to the last table needed in a circular pattern for ease of movement of players during the course of play.

   b) A set of 12 small markers or flags should be prepared for each table to be used. (Suitable tones are actual tiny flags or ones made with cloth or crepe paper fastened to toothpicks). These should be placed on a foam cup or small block of plastic foam.

   c) A deck of cards should be placed on each table. No paper scoring is necessary.

2. One person should be designated as leader to control play and to render decisions on any aspect of the game: rules, movement, awarding of prizes, setting up the players at tables, etc.

3. The number of markers or flags should be checked by the players at each table before play begins and by helpers to the leader at the end of play.

4. The winning table or team is the one that accumulates the most flags as a result of playing a pre-set pattern of play. Should there be a tie, one more hand will be played by A & B of those tied and the winner of the most tricks on that hand will be the overall winner.
If a three-way tie exists after all hands played, additional playoff hands will be played by “A” and “B” players of the tied teams. Players from each tied team draw a card from deck, with player drawing lowest card to receive a “bye” in the first playoff hand. Ace is high; deuce is low. The other two teams play an extra single hand, with the winners of this hand going on to play an additional single hand against the team who received the “bye”. The team winning this hand receives the higher standing. Trumps for all additional hands will be determined by a cut of the deck by the director of the competition.

5. Should the players of one table lose all their flags in the course of play, the leader may loan that table one or more flags to keep the game going. A careful record of this must be kept for possible return of flags to the leader.

6. Should play be necessary on two separate days, the scores will be noted and added together at the end of the second day.

7. **Basic points of the game**

   a) The game consists of trying to win tricks. Pairs play pairs and the tricks scored by a pair become their count for the hand.

   b) Shuffling must be done before every deal, the dealer last.

   c) Cutting must be done towards the dealer by the player on her/his right. Should any card be exposed before the cards are dealt, the dealer must shuffle and present the deck for another cut.

   d) The deal consists of the dealer giving out all of the cards in rotation starting with the player on her/his left. Cards shall not be picked up until the deal is complete.

   e) It is a misdeal and must be dealt again if any card is faced in the pack; too many cards are dealt to one player; any card is exposed during the deal; anyone deals out of turn; or, anyone interferes with the dealer.

   f) A card let or played out of turn is returned to the offender's hand with no penalty other than that her/his partner, in her/his turn, may not lead that suit.
GENERAL POLICIES AND PROCEDURES REGARDING THE GAMES

8. **Play Information**

   a) Four players of one table form a team to defend markers or flags at their own table or to win markers or flags at another table. Two go out as indicated below and two stay at home. For convenience sake, players call themselves A, B, X, and Y. For example A and B go out to win a marker or flag. X and Y stay at home and play as partners to defend their flags. Tables are in numbered sequence.

   b) Play follows the pre-set plan and is controlled by the leader. He/she is the final authority on any point of play.

   c) Only a visiting team can win a marker by taking 7 or more tricks. To keep the markers at home, the defenders must win 7 or more tricks. Should the visiting team win 10 or more tricks, they take away 2 markers. Visitors return to their home tables after each hand and wait for instructions to move for the next hand.

   d) Play ends at the conclusion of the pre-set pattern or at the direction of the leader. The winning team is the one with the most markers.

9. Common courtesy requires good sportsmanship and disclosure of any special signals to opponents. Movement of body parts to indicate a special lead is considered cheating and is not good sportsmanship.

   N.B. NT Low is give-away; count opponent's tricks.

RULES AND PLAYOFF INFORMATION

The rule as stated in www.worldcurling.org/mixed-doubles-curling shall apply.

1. A Team will be composed of two players, one male, and one female. Alternate players are not allowed. A team must forfeit any game(s) in which it fails to have both curlers playing for the entire game.

2. The scoring shall be the same as in a regular game of curling. The “positioned” stones that are placed before the beginning of each end are eligible to be counted in the scoring.

3. Each team shall deliver five (5) stones per end. The player delivering the team’s first stone of the end must also deliver the team’s last stone of that end. The other team member shall deliver the team’s second, third and fourth stones for that end. The player delivering the first stone can change from end to end.

4. Modified Free Guard Zone: no stone in play, including the “positioned” stones and those in the house, can be moved to an out-of-play position prior to the delivery of the fourth stone of an end (the fourth delivered stone is the first stone that can remove any stone from play). If there is a violation and without exception, the delivered stone shall be removed from play, and any displaced stone(s) shall be replaced to their original position by the non-offending team.

5. Before the start of every end, one team shall place their team’s “positioned” stone at the playing end of the sheet in one of two positions, designated A and B. The opponent’s “positioned” stone shall then be placed in whichever position (A or B) remains vacant.
The location of these positions shall be as follows:

(a) **Position A:** Placement so that the stone is bisected by the centre line and is either immediately in front of or immediately behind one of three (3) points in the ice. Teams will mutually agree on the location. The points are placed on the centre line:

   (i) At the mid-point between the hog line and the outermost edge of the top of the house 2.286 m. (7 feet 6 inches), or

   (ii) 0.915 m. (3 feet) from the mid-point (i) closer to the house, or

   (iii) 0.915 m. (3 feet) from the mid-point (i) closer to the hog line.

(b) **Position B:** The Position B stone is placed so that the stone is bisected by the centre line and is in the back of the 4-foot circle. The back edge of the stone is aligned with the back edge of the 4-foot circle.
(c) Figure No. 1:

Figure No. 1 - Centre Guard

- 3 feet (0.915 m.)
- 7½ feet (2.286 m.)

Legend:
- A: 3 feet (0.915 m.)
- B: 7½ feet (2.286 m.)
6. **Power Play Option**: Once per game, each team, when they have the decision on the placement of the “positioned” stones, can use the “Power Play” option to position the stones.

(a) The in-house stone, which belongs to the team with last stone in that end, is placed with the back edge of the stone abutting the front edge the tee line, with half the stone in the 8-foot and half in the 12-foot circle.

(b) The guard stone is positioned to the side of the sheet, so it would be bisected by a direct line between the middle of the in-house stone to the middle of the hack where the hack intersects with the centre line. The distance of this corner guard from the house will be the same distance that was determined for the centre guards and is either immediately in front of or immediately behind one of three (3) points in the ice. The team with the stone positioned in the house (stone A), shall position the guard (Stone B).

   (i) At the mid-point between the hog line and the outermost edge of the top of the house 2.286 m. (7 feet 6 inches); then 1.07 m. (3 feet inches) to the left or right of the centre line and the same side as the in-house stone, or

   (ii) 0.915 m. (3 feet) from the mid-point (i) closer to the house; then 1.09 m. (3 feet 7 inches) to the left or right of the centre line and the same side as the in-house stone, or

   (iii) 0.915 m. (3 feet) from the mid-point (i) closer to the hog line; then 1.04 m. (3 feet 5 inches) to the left or right of the centre line and the same side as the in-house stone, or

   (iv) The corner guard can be placed on either side of the ‘spot’ (closer to the house or closer to the hog line) determined prior to the game.

(c) The “Power Play” option cannot be used in extra ends.
7. The team having the decision on the placement of the “positioned” stones shall be:

(a) Teams will toss a coin for the decision in the first end.

(b) Following the first end, the team that did not score shall have the decision on the placement.
(c) If neither team scores in an end, the team that delivered the first stone in that end shall have the decision on placement in the next end.

(d) The team whose “positioned” stone is placed in Position A in both Figure No. 1 & No. 2 shall deliver the first stone in that end.

8. While the team is in the process of delivery, the non-delivering player must be positioned either inside the hog line, with at least one foot/wheel and on the ice surface at the playing end of the sheet, or in a position to sweep at the delivery end of the team’s sheet.

(a) After delivery, either or both players may sweep their delivered stone after it crosses the home hog line and any stones set in motion that belong to their team anywhere in front of the tee line at the playing end.

(b) If a player delivers a stone out of proper rotation, the delivered stone is removed from play and any displaced stones are returned to their original positions by the non-offending team. Should the infraction not be discovered until after the delivery of a subsequent stone, play continues as if the infraction had not occurred.

VOLLEYBALL RULES SUMMARY:

2. There will be unlimited substitutions per set. One or more players may be substituted at the same time.

4. The method of substitution shall be left up to a team provided the method is declared at the start of a set and is used throughout the set. e.g. one to one, or rotation. The same substitution method does not need to be used by both teams.

5. Exceptional substitutions ARE permitted. An injured or ill player should be substituted legally. If this is not possible, the team is entitled to make an EXCEPTIONAL SUBSTITUTION. Any player of the same gender who is not on the court at the time of the injury/illness may substitute into the game for the injured/ill player. The replaced player is not allowed to re-enter during the set.

6. Libero players may be used as stated in the FIVB rules.

COMPETITION

Doubles competition open to men and women.

A modified round robin format of play will be used; teams will be numbered and play as designated by the Marshall. The number of rounds to be played will be determined by the time available; at least 6 rounds is desirable. After each round of play the Marshall will designate the playing positions of the teams. The Marshall may enforce a time limit if necessary to complete a round in a timely fashion.

RULES AND PLAYOFF INFORMATION

1. Boxes are to be standard, “flower Shop Boxes”, if possible. Teams will use washers of different colours; each team will have two washers. A standard scoring stick is required at each pitch.

2. Boxes are to be placed 20 feet apart.

3. One player from each team will be designated to toss from each end of the pitch. When tossing, the player’s front foot must be behind the front of the box at that end of the pitch.

4. The player from each team will toss his/her two washers in succession, following which the score for that end of play will be determined by the players at the other end of the pitch. At the start of the game, the team to toss first will be determined by a coin toss; once a score has been made the team to score last will toss first.

5. The winning team will be the first team to reach or exceed 21 points. Note: To enable the games to proceed more quickly, the requirement for an exact score of 21 will not be used.

6. At the end of the game the winning team and the score will be submitted to the Marshall and be awarded 5 points in the competition. In the event that a game has been called for a time limit, the team with the highest score will be awarded 5 points. In the event of a tie, each team will be given 2 points.
7. The 1st, 2nd and 3rd place teams for the competition will be determined by the team’s point total. If an unequal number of games have been played, the team(s) with the most games will have the score from their last game taken from their total points. In the event of a tie for 1st place, the gold medal will be determined as follows:

If only 2 teams are tied and one has beaten the other in the round robin play, that one will be awarded 1st and the other team 2nd place. If they have not played in the round robin or split their games in a double round robin (if it were played), a coin toss will determine the winner. With 3 or more teams tied, straws of different lengths will be drawn, with the longest straw determining the position. Ties for the silver or gold medal will be decided in the same manner. Note: If time permits, additional games may be played to break ties.

SCORING

After each team’s player has tossed his/her two washers, the score for that end will be determined. Only one team can score on a single end.

The score for the washer thrown is as follows:

- 3 points – in middle cup
- 2 points – inside the box
- 1 point – outside the box, but close enough that it can be touched by the scoring stick while the stick is touching the box.

Washers outside the box can count anywhere around the box. Leaners and/or washers that go under the box will be considered the same as a washer touching the box. Washers of different colours at equal distances outside the box cancel.

Washers of different colours in the same area, middle cup or box cancel.

For washers of different colours outside the box, the closest one to the box scores. If 3 or 4 washers are within scoring distance outside the box, a team may score 2 points if both their washers are closer than the opponent’s.

Note: Only one team can score on an end! However, either team’s washer that has not been cancelled eliminates all washers of the other team in a lower position. For example, with a yellow washer in the middle zone, a silver washer in the box and a yellow washer in the scoring area outside the box, the yellow team scores 3 only. A team’s score from an end is added to that team’s previous score until one of the teams reaches or exceeds 21 points. That team is then declared the winner and will be awarded 5 points in the overall competition.
